The simplest way to eat more fruit and veg.

Here are a few ideas for how to make eating the recommended 2 serves of fruit and 5 serves of veg easier:

- **Canned and frozen fruit count.** Stay healthy with canned fruit in juice not syrup, and canned veg with no added salt.
- **Legumes are vegetables too.** Try adding dried peas, beans and lentils to meals.
- **Juice only counts once.** 125ml of 100% fruit or vegetable juice is 1 serve, but doesn’t contain the fibre of chopped fruit and veg. Water is the ideal drink.
- **Dried fruit only counts once.** A small box of sultanas or 4 dried apricots equals one serve – but don’t go overboard on dried fruit.
- **A little and often.** Children may eat more if you offer smaller serves more times a day.
