General Statement

Tarcutta Public School appreciates that there are families in the school community who find it difficult to meet some financial commitments for their child/children who attend the school. The school also appreciates that the situation varies from time to time according to circumstances. So that no child is in any way disadvantaged because of these circumstances, some school funds are set aside each year to help or assist families/parents meet these needs. There is a limited amount of money available for such assistance and the use of these funds is closely assessed and monitored (in school and by external auditors).

Areas of Assistance

The areas where financial assistance may be requested are listed below:

- Purchase of workbooks
- School excursions
- Purchase of uniforms
- Specially agreed expenses

Requests for Assistance

Written requests are required and should be addressed to the principal. All requests for assistance will be treated confidentially within the school. The Principal is the only one who can approve the allocation of School Assistance Funds.

With the limited funds available and a need for fair sharing of funds, it is possible that some requests may only be partly met or may not be met at all. Circumstances and reasons will always be considered sympathetically. We do not require documentation about income from you. The Principal will notify any persons seeking help of the decision after assessment of the request has been completed.

Allocation of Funds

The funds are allocated upon application to the principal. Applications are strictly confidential and must include specific information regarding the financial reasons for the request.

In making allocations the principal will consider:

- The information provided on the application
- The cost of the activity to be supported
- Previous requests
- Family circumstances, e.g. the number of children in the family, single parents, etc
